Student Learning Outcomes:

- Students will position patients correctly.
- Students will practice radiation protection to patient, self and others,

Students will develop effective critical thinking skills.

Student Learning Outcomes:

- Students will perform non-routine radiographic examinations.
- Students will select appropriate technical factors for radiographic images

Students will communicate professionally.

Student Learning Outcomes:

- Students will effectively communicate verbally.
- Students will communicate effectively through written format.

Students will exhibit professionalism.

Student Learning Outcomes:

- Students will be respectful of patients.
- Students will conduct themselves in a professional manner.

HISTORY OF THE SCHOOL

The School of Radiologic Technology was founded in 1971. The name was changed to St. Mary's School of Radiologic Sciences in 1982. The program's current name, St. Mary's Hospital School of Medical Imaging, was adopted in July 2002. The School once offered a program in Nuclear Medicine Technology and a two-year (24-months) certificate program in Radiologic Technology. The Radiologic Technology program adopted an 18-month curriculum in 2004.

Currently, the School offers a 22-month (approximately 72 weeks of academic instruction) hospital based, Associate of Applied Science degree program in Radiologic Technology (RT) that is accredited by the Accrediting Bureau of Health Education Schools (ABHES) and the Joint Review Committee on Education in Radiologic Technology (JRCERT) and is certified to operate as an institution of higher learning by the State Council of Higher Education for Virginia (SCHEV).

The Health System is a private, Catholic, not-for-profit, community-based health system whose mission is "to extend the compassionate ministry of Jesus by improving the health and well-being of our communities and bring good help to those in need, especially people who are poor, dying and underserved." The Sisters of Bon Secours (French for "good help"), an international religious congregation devoted to the care of the poor and sick, was founded in Paris, France in 1824. In the United States, the congregation's health care ministries, which merged with Mercy Health in 2018 to become Bon Secours Mercy Health, include acute care hospitals, long-term care facilities, clinics, physicians' practices, home health care services, and hospices.

ST. MARY'S HOSPITAL SPONSORING INSTITUTION OF THE SCHOOL

Since 1966, St. Mary's Hospital has served Central Virginia, providing compassionate health care of the highest quality. The hospital is located in Richmond's West End at 5801 Bremo Road; Richmond, VA 23226. St. Mary's Hospital has proudly been the sponsoring institution for the School of Medical Imaging since 1971.

DEGREE

Bon Secours St. Mary's Hospital School of Medical Imaging offers a 22-month (approximately 72 weeks of academic instruction) program which awards an Associate of Applied Science degree in Radiologic Technology. The program consists of four 16-week semesters and one 8-week semester in addition to specified college-level general education courses.

LOCATION

The Bon Secours St. Mary's Hospital School of Medical Imaging campus is located at 8555 Magellan Parkway, Suite 100, Richmond, VA 23227. All courses within the Radiologic Technology program are delivered the traditional method of residential delivery, offering students the experience of learning in an on-ground, classroom format that includes face-to-face interaction with both faculty and students. All courses are delivered in the English language.

CONTROLLING OWNERSHIP

The Bon Secours Richmond Health System Board is a combined board that governs and has oversight (either directly or indirectly) for the activities of Bon Secours Richmond Health System, as well as its seven acute care hospitals, ambulatory facilities and Bon Secours Richmond Medical Group. The Bon Secours St. Mary's Hospital School of Medical Imaging is a division of Bon Secours St. Mary's Hospital, which is one of the hospitals in the Richmond Health System.

ABOUT THE FACTBOOK

The Factbook is a reference resource that is generated annually each summer in an effort to provide SOMI's stakeholders with relevant institutional data. Although the information contained herein was compiled by the Office of Institutional Research, several other SOMI functional areas contributed to this edition, including Student Affairs and Finance.

The data reflected in this Factbook are accurate as of the SOMI Summer 2026 Census. Academic year enrollment covers the timeframe July 1 through June 30, which includes summer of the previous year and fall, spring, and summer of the current year. During this last academic year, 2025-2026, SOMI enrolled a total of 43 students in the Associate of Applied Science program. A total of 22 students graduated from SOMI during the same year.

Veteran Affairs education benefits are federal funds provided to eligible veterans, service members, spouses and/or other family members for higher education. The number of students and average dollar amount disbursed represents those Veteran Affairs education benefit funds that were disbursed to the student/veteran through SOMI (the institution). It is noteworthy that not all Veteran Affairs education benefits are disbursed through the institution (SOMI) and may be disbursed directly to the student/veteran.

Graduation rates in the tables above are defined as follows (all semester counts exclude summer):
• 100% or on-time or normal time graduation rate is graduation within the time it takes the average full-time student to complete their program.
• 150% graduation rate is graduation within 1.5 times normal time. For example, if it normally takes 5 semesters to graduate, 150% graduation is graduation within 8 (5 x 1.5) semesters.
• 200% graduation rate is graduation within 2 times normal time. For example, if it normally takes 5 semesters to graduate, 200% graduation is graduation within 10 (5x2) semesters.
* Graduation rates are provided even though some AASRT cohorts within the selected academic year may not have reached the required timeframe. For example, none of the 2023-2024 Certificate Program cohorts have reached the 10 semesters required to count as 200% of normal time.

A Cohort Default Rate (CDR) is the percentage of a school's borrowers in the U.S. who enter repayment on certain loans during a federal fiscal year and default on the loans prior to the end of the next one to two fiscal years.

Three years of CDR are presented according to reporting standards from the U.S. Department of Education.

Cohort default rates source: U.S. Department of Education Federal Student Aid

* As a result of the COVID-19 pandemic, all federal student loan payments halted in March 2020. From Spring 2020 through - Fall 2023 the Institution and National CDRs will be 0.0% because with loan payments paused, no one was in default.
