**V. Policy Details**

Discrimination prohibited under this Policy is defined as treating someone differently because of their membership in a protected class (or a perception that someone is a member of a protected class) in matters of admissions, employment, services, or any other educational programs or activities of the School. Disparate treatment discrimination occurs when there has been an adverse impact on the individual's work or educational environment, individuals outside of the protected class have received more favorable treatment, and there is no legitimate, non-discriminatory reason for the action. Disparate impact discrimination occurs when a School policy or practice adversely impacts persons in a protected class even though the policy or

practice is neutral on its face. Harassment prohibited under this Policy is defined as verbal or physical conduct (including conduct using technology) directed toward an individual because of their membership in a protected class (or a perception that someone is a member of a protected class) that has the purpose or effect of substantially interfering with the individual's educational or work performance, or creating an intimidating, hostile or offensive working or academic environment. The School will promptly and thoroughly investigate all allegations of discrimination and harassment. If an individual is found to have violated this Nondiscrimination Policy, the School will take appropriate action to prevent recurrence of the discrimination and/or harassment and take steps to correct its discriminatory effects on the complainant and others, if appropriate. Individuals found responsible will face disciplinary action, up to and including expulsion. Any member of the School community who is a witness to or victim of discrimination should immediately notify the appropriate Designated School Official as listed below. The School prohibits retaliation based upon reporting of violations of this Policy.

#### **PROCEDURES**

##### **INVESTIGATION OF COMPLAINTS:**

1. The appropriate Designated School Official will commence an investigation within seven (7) business days of receiving a complaint. The Designated School Official (or assigned investigator) will speak to all parties involved (complainant, respondent, and witnesses) and collect any non-testimonial evidence. Both the complainant and respondent will have an equal opportunity to identify and have considered witnesses and other relevant evidence.
2. The investigation will conclude no later than 90 calendar days after the start of the investigation unless good cause exists to extend the time period for investigation.

Both parties will be provided periodic updates of the status of the investigation and will be notified if the time period for investigation has been extended.

3. The School will use a preponderance of the evidence standard in determining responsibility of discrimination or harassment.

4. The Designated School Official will provide written notice to both parties of the outcome of the investigation, including the rationale for the decision reached.

5. When a preponderance of the evidence supports a finding that this Policy has been violated, the matter will be referred for appropriate disciplinary and remedial action as outlined below.

6. When there is insufficient evidence to find a violation of this Policy, the complaint will be closed, and the complainant notified of the right to pursue the matter with external enforcement agencies. Such a finding does not preclude further review or action by other administrative offices if the underlying conduct could constitute a violation of other School policies.

7. Either party may appeal the finding on the following grounds:

- A procedural irregularity affected the outcome;
- There is new evidence that was not reasonably available during the investigation that could have affected the outcome; or
- The investigator had a conflict of interest or bias against the appealing party that affected the outcome.

8. The appeal must be filed in writing with the Vice President, Richmond Higher Education Institutions' office within ten (10) business days of receipt of the written determination. The appeal must include:

- Name of the complainant;
- Name of the respondent;
- A detailed statement of the basis for the appeal including the specific facts, circumstances, and argument in support of it; and,
- Requested action, if any.

Any appeal that is untimely or does not contain at least one permitted ground for appeal will be rejected.

9. The Vice President, Richmond Higher Education Institutions' office will provide written notice to the other party that an appeal has been filed and that the other party may submit a written opposition to the appeal within seven (7) business days. The Vice President, Richmond Higher Education Institutions will also promptly obtain from the Designated School Official all records from the investigation necessary to resolve the grounds raised in the appeal.

10. The Vice President, Richmond Higher Education Institutions will resolve the appeal within fifteen (15) business days of receiving the appeal and any written opposition to it and may take any and all actions that the Vice President, Richmond Higher Education Institutions determines to be in the interest of a fair and just decision. The decision of the Vice President, Richmond Higher Education Institutions is final.

11. The Vice President, Richmond Higher Education Institutions shall issue a short and plain, written statement of the resolution of the appeal that explains the outcome of the appeal and the rationale. The written statement shall be provided to the complainant, the respondent, and the Designated School Official.

12. The determination of a complaint becomes final when the time for appeal has passed with no party filing an appeal or, if any appeal is filed, at the point when the Vice President, Richmond Higher Education Institutions has resolved all appeals. No further review beyond the appeal is permitted.

**Possible Sanctions:**

If the investigation determines that a student has violated this Policy, the student will be disciplined in accordance with the process outlined in G24 Student Conduct – Rights and Responsibilities. The School does business with various vendors, contractors, and other third parties who are not students or associates of the School. Notwithstanding any rights that a given vendor, contractor, or third-party respondent may have under this policy, the School retains its right to limit any vendor, contractor, or third-party's access to campus for any reason. And the School retains all rights it enjoys by contract or law to terminate its relationship with any vendor, contractor, or third-party irrespective of any process or outcome under this policy.
